

X-Finity Dance and Hattiesburg Elite Parents and Students,

Just a reminder... ALL students will resume evening classes with our regular yearly schedule starting the week of **Monday, August 31st**. It is important all dancers attend classes as we are diligently working on our progressions, technique, and upcoming performances. If all students are not in attendance (obviously keeping our strict Covid restrictions in mind) when we rehearse routines for the stage, it not only is hard for the student who is absent to remember the choreography but it also can confuse the staging for other students in the class.

Our schedule as of now is tentative. We are also working very hard to finalize our set fall schedule that will be finalized the week after Labor Day (the week of September 14th) Our schedule is pretty much finished, but we had to unfortunately make some recent major changes since we had several students who have just registered late due to covid-19. Also, we wanted the schools to start back before we started our new season. It is difficult to retain a great schedule if we are unaware of who is returning, but not to worry, as you know we always keep our parents' schedules in mind and try hard to make classes convenient for everyone. We ask for your patience as we totally understand the delay during this crazy time. We are asking the parents/students who have not selected classes or registered yet to PLEASE contact Us and register as soon as possible. This year classes will be smaller, and students will be split into levels.

This year monthly tuition will be due the month before the month. We will allow 10-15 days for parents to pay the second month of tuition. We recommend parents to pay their first month of tuition before we start our new season.

We have an amazing in studio and virtual program for 2020/2021 this year and want each of our students to continue learning and really improving!

Even though this has been a very crazy end of our season, we are so happy that our parents, dancers, and staff have been in agreement to start our 10th season.

Our staff has also safely been able to acquire some new techniques, progressions, and ideas during the summer months (safely of course) that we will implement in the upcoming season. We are very proud of the way our studio has handled this unprecedented time and cannot express how appreciative we are that all our fantastic X-Finity Dance families have been so cooperative along the way.

Again, we appreciate your trust in us and please know we are proud to be a part of our dancer's lives. They mean the world to us!

Sincerely,

***Your X-Finity Dance and Hattiesburg Elite Staff***
